

WEI TURNS COMPLICATED PROCESSES INTO FAST AND EFFICIENT RESULTS.

ROLLOUT AND DEPLOYMENT SERVICES

The Rollout Delivery Team expedites deployment processes and guarantees measurable quality. Whether you are deploying technology to a few or a few thousand offices, we can help. Regardless of the type of equipment your enterprise rollout requires, our team has the experience and knowledge to deliver a state of the art solution.

We understand the nuances, planning, and detailed operational requirements necessary to deliver your technology rollout on time and within budget. We will take delays, extra expenses, and confusion out of your IT hardware or software solution by leveraging our technical team as a single source provider and a single point of contact.

INTEGRATION SERVICES

WEI provides your organization with complete project integration services: ordering and receiving equipment, inventory control, custom multi-vendor parts integration, asset management and tracking, and on-site deployment. WEI is there with the expertise and operational standards for turn-key enterprise integration.

SOFTWARE DEPLOYMENTS

WEI will assist with deploying new software anywhere in your enterprise. Whether it is workstations, servers, or data centers, our team can assist with your enterprise wide planning and deployment, including post sales training and educational services. WEI wants to help clients evolve their data

ABOUT WEI

WEI is an innovative, full service, customer centric IT solutions provider.

Why WEI? Because we care. Because we go further.

At WEI, we're passionate about solving your technology problems and helping you drive your desired business outcomes. We believe in challenging the status quo and thinking differently. There are a lot of companies that can take today's technology and create a great IT solution for you. But we do more. We go further. And we have the customer, vendor and industry awards to prove it. WEI is a premier technology partner, who always puts our customers first while providing the most innovative solutions for over 25 years.

centers to include adaptive and converged platforms that are also software-defined and managed. Subject matter experts at WEI will conduct Knowledge Transfer sessions at WEI's Knowledge Transfer Center, or even at your facility, with the goal of streamlining the deployment process and decreasing time to market.

HARDWARE DEPLOYMENTS

WEI will deliver, install, deploy, and test your new IT hardware at any of your locations. Our on-site installation services include comprehensive racking, installation and cabling of servers, professional and organized wiring, disposal of all unneeded materials, and more. We provide the training needed for complete customer understanding of your new hardware solution. WEI is an equipment agnostic partner trained and certified across many platforms. Our team will manage your project beginning to end, assuring consistent results at predictable and consistent pricing.
