

INSIGHTS | SOLUTION BRIEF

Mobile Device Management Solutions

Beyond Logistics—Full-Service Endpoint Management

Today's IT teams need more than just device logistics—they need full-service mobile device management (MDM) to secure, deploy, and maintain their endpoint fleet. **WEI simplifies MDM** by providing full-service administration of Microsoft Intune and Workspace ONE, enabling organizations to **modernize device security, provisioning, and compliance.**

WEI delivers an end-to-end device lifecycle management experience that helps IT leaders optimize and control their entire endpoint environment.

Comprehensive Device Lifecycle Services

MDM Implementation & Management

- **Full-Service Microsoft Intune & Workspace ONE Management:** End-to-end administration of MDM platforms, including SCCM-to-Intune migrations.
- **Zero-Touch Deployments:** Automate device setup with Autopilot, Intune, and Workspace ONE for provisioning.
- **Persona-Based Application Delivery:** Deploy apps and settings tailored to specific user roles (e.g., HR, Engineering, Field Operations).

Device Security & Compliance

- **Automated Security Enforcement:** Push real-time policy updates, patches, and compliance mandates across all endpoints.
- **Remote Lockdown & Wipe Capabilities:** Prevent unauthorized access in case of loss or theft.

Deployment & Rollouts

- **Nationwide Device Refresh:** Large-scale deployment support for remote and onsite users.
- **Kitting & Bundling:** Devices arrive pre-assembled with essential accessories.

Device Retrieval & End-of-Life Management

- **Structured Retrieval Process:** Multi-step outreach ensures device recovery from former employees.
- **Secure Data Destruction:** Certified HIPAA, DoD, and EPA-compliant disposal.

Procurement & Warehousing

- **Stock & Hold Programs:** Climate-controlled storage for just-in-time deployments.
- **Flexible Ownership Models:** WEI-managed or customer-owned inventory.

Innovation Lives At WEI

From our cutting-edge labs to our seamless implementation processes, WEI goes above and beyond to empower our clients, ensuring measurable success from start to finish.

Our unique approach makes us more than just an IT provider—we're your trusted advisor in IT excellence.

Key Benefits for IT Leaders

WEI enables IT teams to enforce security policies, automate device provisioning, and simplify endpoint management with full-service support for Intune and Workspace ONE. Whether migrating from SCCM, managing remote workers, or securing BYOD environments, WEI ensures compliance and control while reducing IT burden.

Why WEI? Turn Your Questions Into Solutions

- **Certified MDM Specialists:** Microsoft Intune & Workspace ONE platinum partners.
- **Full Lifecycle Management:** Device provisioning, security enforcement, and automated updates.
- **Enterprise Security & Compliance:** Geofencing, policy automation, and remote wipe capabilities.
- **Scalable IT Support:** 24/7 assistance with global device monitoring and repair.

WEI is more than an IT provider—we are a **trusted partner in modernizing endpoint management**. Whether you're looking to migrate from SCCM to Intune, improve security enforcement, or optimize device provisioning, WEI has the expertise to help.

Contact us today for a consultation and discover how our mobile device management solutions can enhance security, reduce IT burden, and ensure efficient device experiences for your workforce.
